

## Metering Pumps for P.U. production

### *Metering Pumps for Polyurethane Production*

- Designed specially for the Polyurethane Industry
- Long operating life
- For fluids:
  - Isocyanates (TDI, MDI)
  - Polyols
  - Polyol-Blowing agent mixes
- Available with cartridge shaft-seal or magnetic coupling
- Accurate metering
- Full technical advice and after sales service

#### Specification:

- Variable and fixed displacement pumps
- Pressure 3000 PSI
- Choice of controls:
  - FA - Fixed displacement
  - MB - Handwheel fine adjustment

Pump size (cc/rev)						
2.0	6.0	11.5	33.0	62.0	92.0	125.0

**LINDEN**  
 Linden Industries, Inc.  
 Polyurethane Processing Equipment

Linden Industries has the expertise in manufacturing, service, and spare parts to keep your production up and running on both American and foreign built urethane equipment. Our expertise is backed by more than 50 years of urethane processing experience.

Serving the needs of our customers as fully as possible is the driving force

behind Linden Industries. We take special pride in our reputation for responding quickly and knowledgeably to help solve your production problems in an effort to minimize system downtime.

Decades of experience has shown us that without proper maintenance, even a urethane machine built to the highest quality standards quickly loses its value.
