OPTIMIZING POLYURETHANE OPERATIONS

a certificate training course

Register Now for the next scheduled class

COURSE OVERVIEW

This 3-day seminar is designed to introduce the principles of polyurethane processing with a focus on enhancing the operations and maintenance procedures to increase throughput and reduce machine downtime. The training includes both classroom and hands-on instruction. The hands-on time enables the participant to see first hand what has been discussed in the classroom and actually operate a machine.

Location: Linden Industries
137 Ascot Parkway, Cuyahoga Falls, Ohio

Sign In: 7:30 a.m. - 8:00 a.m

Seminar Hours: 8:00 a.m. - 5:00pm

Course Highlights:

- Principles of the Poly-Iso reaction sequence
- Principles of nucleation
- Processing Equipment
- High pressure impingement mixing
- Low pressure dynamic mixing
- Machinery component breakdown
- Troubleshooting and preventive maintenance
- Recommended maintenance procedures

DAY ONE: CLASSROOM

"Understanding the Chemistry of Polyurethanes"

- Introduction - "A brief history"
- Basic chemistry
- Calculations
- Chemical handling safety

Small Class Size

Methods of Calibration

DAY TWO: CLASSROOM

"Understanding Polyurethane Processing Machinery"

- Understanding the machine - machine overview and flow principle
- Machine layout and component description
- Understanding the Rexroth metering pump
- Understanding the high pressure impingement mixhead

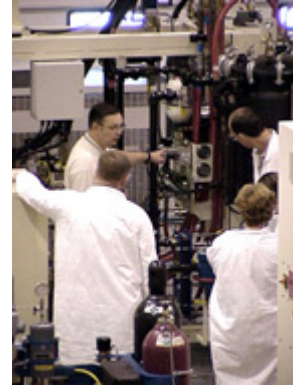

"My opinion, this training course was very thorough and detailed from start to finish and the hospitality from everyone at Linden was outstanding. I suggest that all Renosol Processing and Maintenance associates attend this training course in the near future. Please congratulate everyone at Linden for a job well done."

**Brian Graham – Processing Supervisor,
Renosol Corporation**

DAY THREE: HANDS-ON

"Real Time Metering Machine Experience"

- Preventive maintenance
- Calibration
- Equipment malfunctions and troubleshooting
- Question and answer period

Hands-on Troubleshooting

REGISTRATION FORM

Advanced Registration Discount!

- \$650.00 (per person) Advanced Registration.
- \$630.00 (per person) Advanced Registration (5) or more registrations from the same company.
- \$700.00 (per person) Registration Fee within 10 days of Class Date

Register on-line at www.lindenindustries.com/treg.html

Registration includes a training manual and information packet. A light breakfast, lunch and an afternoon snack are also provided. Each individual or company is responsible for travel and living expenses. Linden can arrange hotel reservations and rental cars upon request.

Confirmation/Cancellations: You will receive a confirmation notice once Linden receives your payment. Linden reserves the right to cancel any training course at least 10 days prior to the course date.
